

About Project HIRED

Project HIRED is a 501(c)(3) nonprofit organization based in San Jose, CA with a mission to **assist individuals with disabilities to gain and to sustain employment**. Our services are free for job seekers! At Project HIRED, we are committed to providing comprehensive and individualized services to participants so that they may find suitable careers and prosper in today's workforce.

Our Programs

Client Services

We provide job search support services on an individual basis and in workshops. Client Services is a guided 9-step process that supports job seekers with disabilities through every stage of their job search – from resume creation to job retention.

AbilityOne

AbilityOne is a unique program specifically designed to provide job seekers with disabilities transitional employment as a stepping stone to succeed in the competitive workplace. We have opportunities available at call centers in California.

Wounded Warrior Workforce

The Wounded Warrior Workforce focuses our extensive expertise on supporting veterans as they transition into civilian careers. We provide training, job placement and job retention services that are tailored to each veteran's needs.

Client Work Experience Program

Offers 90-days of individualized training, networking and hands-on experience in the areas of administration and computer skills!
