

About Project HIRED

Project HIRED is a 501(c)(3) nonprofit organization based in San Jose, CA. With a mission to **assist individuals with disabilities to gain and to sustain employment**, Project HIRED provides free services to job seekers with disabilities. The organization was created with the commitment to empower individuals with disabilities to succeed in the workforce and to above all, *focus on ability!*

Our Programs

Client Services

We provide job search support services on an individual basis and in workshops. Client Services is a guided 9-step process that supports job seekers with disabilities through every stage of their job search – from resume creation to job retention.

AbilityOne

AbilityOne is a unique program specifically designed to provide job seekers with disabilities transitional employment as a stepping stone to succeed in the competitive workplace. We have opportunities available at call centers throughout Northern California.

Wounded Warrior Workforce

The Wounded Warrior Workforce focuses our extensive expertise on supporting veterans as they transition into civilian careers. We provide training, job placement and job retention services that are tailored to each veteran's needs.

Client Work Experience Program

Offers 90-days of individualized training and hands-on experience in the areas of administration and computer skills!
